

Reinvestigate 9/11

www.reinvestigate911.org

Led by Washington and London, governments worldwide rapidly exploited the 9/11 attacks to seize Afghanistan and Iraq and take away civil liberties. But much of the evidence produced to support the official 9/11 story does not stand scrutiny while other evidence has emerged which seems to contradict it.

The 9/11 Commission set up by the Bush White House is discredited, condemned by its own members amid allegations of incompetence and dishonesty.

It is now known that plans

to invade Afghanistan and Iraq were well advanced before 9/11. How did they plan to get public support for this?

Contrary to assurances from Bush and Blair, the 9/11 attacks did not come out of the blue. 9/11 Commission chair Thomas Kean has said the attacks "could and should have been prevented". How was "Al Qaeda" able to evade detection by multiple agencies to mount its complex and sophisticated operation?

Speculation is now rife, not

least in Pakistan and Afghanistan, that 9/11 was not just the result of gross incompetence but some sort of an inside job.

In the west, sneering dismissal of reasonable questions as "conspiracy theories" has poisoned debate and betrayed the public's right to know the truth. Reinvestigate 9/11 thinks it's time to confront the warmongers and the dictatorial bureaucrats on their weakest ground: by re-examining the 9/11 myth itself.

The 9/11 Commission

THE ADMISSION by 9/11 Commission chair Thomas Kean that the attacks "could and should have been prevented" was kept out of the report after a storm of fury in Washington. The 9/11 Commission became a rubber stamp for an official narrative promulgated within hours of the attacks and maintained in almost every detail since.

Commissioner Cleland resigned in disgust halfway through and called the process a "national scandal" and a "whitewash". Former FBI Director Louis Freeh has said over one serious omission in their report: "we should have the 9/11 commissioners appear

as witnesses".

9/11 victims were offered unprecedentedly large sums - if they remained silent. Nonetheless many have spoken out. Patty Casazza says: "we got platitudes, we got a lot of rhetoric... and we got lies. With a smattering of the obvious truths... it was a complete fabrication."

The Commission's account of the alleged hijackers, was based mostly on testimony passed on by the CIA from alleged ringleader Khaled Sheikh Mohammed. They failed to report that this "testimony" was extracted by torture.

Vital Evidence Destroyed

SENIOR COUNSEL to the 9/11 Commission John Farmer wrote in a recent book "at some level of the government...there was an agreement not to tell the truth about what happened." Farmer has complained about the destruction of evidence.

When the Commission seized and reclaimed tapes the Pentagon had tried to wipe clean, the tapes confirmed that there was a mysterious "anti-hijack exercise" on the morning of 9/11.

Officials refuse to say if the planes in the exercise were the same as the hijacked

planes but leaked air traffic control tapes confirm one of the hijacked planes was thought to be "not real traffic". Taped debriefs of the air traffic controllers in charge of the 9/11 planes were destroyed by managers.

The Commission was never allowed to see the CIA interrogation tapes of accused ringleader Khalid Sheikh Mohammed which were erased by the CIA in breach of a court order. FBI officers in Guantanamo Bay who opened a war crimes file against the CIA were ordered to close the file.

■ The CIA's 80 strong top secret Osama Bin Laden team, despite multiple warnings, supposedly had no inkling of the attacks, but on three occasions CIA officers and their allies in the FBI blocked FBI teams who did. CIA officers later said they "could not recall" key meetings.

■ Ever since experts reported vaporisation in steel from the World Trade Centre, independent scientists have been denied all access to the evidence. The "scientific explanations" for the total, rapid and symmetrical collapse of three (sic) towers came from scientists answerable to the Bush White House and were based on secret computer models.

■ Supposedly, Flight 77 was controlled by Hani Hanjour who, instructors said, was incompetent on small planes, yet he apparently flew it for a mile at full speed at around sixteen feet above ground level to hit the only part of the Pentagon that was nearly empty. Of around 80 videos reviewed by the FBI, none showed the plane. The images did show a white contrail and a white flash, leading to speculation the object was a missile.

These speakers are also addressing a private meeting for MPs, Peers and editors on Monday at 5.00pm in the House of Commons. Phone 0207 219 3000, ask for your MP, leave a message or go to www.write-to-them.com to send a fax. Let us know of those who are prepared to take this issue seriously.

Groupthink

"WE ARE NOT investigative reporters". This was the explanation offered by the BBC's Nick Robinson for the media's failure to discover that the Iraq WMD allegation was false. The US Senate's explanation was "groupthink" in media and political circles. Could the unquestioning acceptance of the official 9/11 story be a case of groupthink too?

In a busy media environment it's easier to attack "conspiracy theorists" than examine the facts. It's true that people prefer to believe simple theories but this applies to the official 9/11 story too. In fact the most pernicious conspiracy theories are those promoted by governments, like the

Iraq WMD claim or the idea Saddam Hussein was behind the 9/11 attacks.

Psychology tells us that people are strongly inclined to believe what they are told by those in authority, especially on such a troubling issue as 9/11.

There are powerful interest groups and lobbies at work too: the war party and the intelligence services whose members, accidentally or otherwise, let 9/11 happen. The pro-Israel lobby recognises that 9/11 was "good for Israel" (Benjamin Netanyahu). Some on the hard left and in the Muslim world privately welcomed the 9/11 attacks as America's just rewards.

False Story?

REINVESTIGATE 911 demands a fully independent investigation. In the meanwhile we note that many eminent and well-informed observers have come to suspect that the official story of 9/11 is fundamentally flawed.

Robert Fisk: "Even I question the 'truth' about 9/11"

Gore Vidal: "To this day, nobody knows what they hit (the pentagon) with, whether it was a plane or a missile and

our government will never tell us."

Robert Novak, US columnist: "Security experts and airline officials agree privately that the simultaneous hijacking of four jetliners was an 'inside job', probably indicating complicity beyond malfeasance..."

Many commentators now agree that Osama bin Laden is dead and has been for years. If so, who has been producing the fake videos?

SPONSORS

We believe that Fairtrade is not enough. We object to the ongoing attacks on our fellow humans who happen to live in Afghanistan, Pakistan or Iraq. Human rights cannot be imposed at the barrel of a gun. By accident or design, 9/11 led to a putsch by the military industrial complex. Republican President Eisenhower warned America of the threat from this moral and

economic cancer that neither people, the planet or legitimate businesses can afford to tolerate any longer. We support Reinvestigate 911, and have contributed to this ad. We call on other businesses to do the same.
